

TOUCH SOLUTIONS for Gaming Industry

since 1994

www.dignity-eu.com

Dignity is a global PCAP touchscreen manufacturer providing solutions for OEMs, integrators and more.

We produce custom open frame monitors and touch panels from 4' to 86' for a variety of industries. Services include custom touch panels, in-house design, engineering, firmware tuning and optimisation for end use.

Touch Panels & Modules

- Custom & Standard Products
- Projected Capacitive
- Resistive
- Optical Bonding
- Touch Display Modules

Other Touch Solutions

- Capacitive Switching
- Capacitive Switch Modules

**+30 years
experience**

Multiple production lines

Automated and semi-automated

**+500
team**

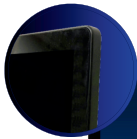

Manufacturing and custom design capabilities

For high and low volume projects

In 2019 we opened the **Dignity EU** subsidiary in Valencia (Spain) as a key logistics point to serve our European customers. In 2024, we expanded our operations to the Americas.
